Physical, Personal and Social Development

Craft:

Make some Israel flag balloons! Israel will be celebrating Israel Independence Day on 29th April and there are loads of amazing blue and white decorations all over the streets of Israel. Can you make your own? See the YouTube link on Seesaw for an explanation 😊

Cooking:

Have a go at making an easy Israeli Salad this week. The Israeli salad is served very often with lunch and it is very easy and yummy. Maybe you could add your own vegetables that you like too 😊
