Teach your teddies how to spell the words pink, hat, quack and tent.	Find some objects to build your own den or house to hide from the big bad wolf!	Try a piece of fruit or some food you haven't eaten before. Did you like it? Why/why not?	Find a pair of shoes and practice tying your shoelaces.

Mosaic YouTube

We hope you are enjoying the videos on Mosaic's new YouTube channel. As the weeks go on we will continue uploading videos on a range of subjects including, Phonics, Maths, Jewish Learning and more. Below is some guidance on how these videos can be used.

1. **Phase 2 and 3 phonics/Phase 2 and 3 tricky words** - can be used daily and without adult input. If we were in school we would be reviewing these sounds and tricky words each day with the children. Children can also practise writing the tricky words independently.

2. **Number of the week** - complete each time there is a new number posted, can be used twice with children for practise. If you create the template for the children they may be able to do most of it independently.
3. **Maths topics e.g. 3D/2D shapes** - can be used once and then used as a quick recap. Adult input generally required.
4. **Phonics sounds e.g. ch phonics** - can be used once or until children feel confident with that sound. Please note children will often recognise the sounds such as 'ch, sh, ai' on their own but find it trickier to read these in words so practise is key! Children can watch this video independently but adult input required for any challenges or extra work.
5. **Story times and other videos** - use as often as you want! Children can watch these independently.

If you have any questions or your child has any suggestions of some videos they would like to see uploaded please email chelsea.shevlin@mjps.org.uk.
